

A monthly, informal happy hour for environmentally-thoughtful folks

mobile bay
**GREEN
DRINKS**

Will the marsh tell its secret before it becomes just plain old mud?

Dr. Behzad Mortazavi, a scientist from the Dauphin Island Sea Lab and University of Alabama, will talk about the consequences of losing marshes along the northern Gulf Coast.

May 17
5pm to 7pm

@

Alchemy Tavern
7 SOUTH JOACHIM ST.
DOWNTOWN MOBILE
